## Nahrang Studio

Attic is a modular collection in a contemporary design. A lightweight piece constructed using a suspension system and two conical or cylindrical screens.

A warm luminaire that creates an enticing atmosphere with the play of the position of the cables and the structure and can be used in for a wide range of settings and aesthetics.

Attic ist eine modulare Kollektion und verfügt über ein zeitgemäßes Design. Die äußerst leichte Produktreihe besteht aus einer Kombination eines Aufhängungssystems und zwei konischen oder zylindrischen Lampenschirmen.

Eine wärmeschaffende Leuchte, die es schafft, durch das Spiel mit dem Körper und der Positionierung der Kabel eine suggestive Atmosphäre zu schaffen und darüber hinaus unendlich viele kompositorische und plastische Möglichkeiten bietet.
